

A full-page photograph of a bride and groom walking away from the camera down a long, straight path lined with mature trees. The path is covered in fallen leaves, and the trees form a natural canopy overhead. Sunlight filters through the leaves, creating a dappled light effect. The bride is on the left, wearing a white dress and a veil, and the groom is on the right, wearing a dark suit. The overall mood is romantic and serene.

CONGRATULATIONS

Happy Engagement! Thank you so much for getting in touch and taking the time to look at my work - it means a lot. I seriously have the best job in the world, and would love to share in your special day.

If you're here it means you value wedding photography that's a little more authentic and creative than traditional. This is how I prefer to shoot weddings - in a candid and natural manner, capturing real moments as they happen.

I encourage you and your significant other to make the day your own, have fun and be yourselves. That way I can capture the most authentic, fun and beautiful images possible.

I can't wait to hear your plans.

Wedding Packages

I offer a number of wedding photography packages to cater to your needs. All packages include your edited images in high resolution (for print) and low resolution (for sharing on social media). I also upload an online gallery, creating a story of my favourite images from the day.

As each wedding day is unique, I understand that you may prefer to custom design your own package. You are more than welcome to add extra hours, and/or an engagement session, albums and prints.

All prices include GST.
